ZAID BIN AMIN

STUDENT

PROFILE

I am a passionate and creative graphic designer with a Bachelor of Science in Computer Science (BSc CS). My expertise lies in visual storytelling and design, where I blend technical proficiency with artistic flair. I have hands-on experience in graphics design and Android app development using Dart in Flutter. I aim to make a meaningful impact in the design world by contributing to innovative projects and leveraging my unique skill set.

EDUCATION

INTRODUCTION TO DATA SCIENCE
Cisco Network Academy (Online)

BS COMPUTER SCIENCE
Riphah international university
Faisalabad
2019-2022
Graduation Date: Feb,28,2023

INTERMEDIATE OF COMPUTER SCIENCE
Board of education in Faisalabad
2019

MATRICULATION
Board of education in Faisalabad
2016

EXPERTISE

Photoshop

Illustrator

SKILLS

Graphic Design: Proficient in using industry-standard graphic design software, such as Adobe Creative Suite (Photoshop, Illustrator, InDesign), to create captivating visuals and compelling marketing materials.

Web Design: Knowledgeable in HTML, CSS, and responsive design principles, allowing me to design user-friendly and aesthetically pleasing websites.

Branding and Identity: Skilled in developing cohesive brand identities, including logos, color schemes, and visual guidelines, to enhance brand recognition and create a consistent brand image.

Typography: Well-versed in the effective use of typography to enhance design compositions and convey messages clearly and creatively.

Illustration: Experienced in creating custom illustrations and artwork that complement and elevate the overall design aesthetics.

User Experience (UX) Design: Familiar with UX principles to design intuitive and user-centric interfaces that deliver an exceptional user experience.

Time Management: Strong ability to prioritize tasks, meet tight deadlines, and manage multiple projects simultaneously while maintaining a high level of attention to detail.

EXPERIENCE

Dtek solutions / Faisalabad   Feb,2023- present

During my internship at Dtek Solutions, I honed my design skills and collaborated effectively within a team. I gained valuable experience in creating impactful marketing graphics, meeting deadlines, and working in a professional environment. This internship enhanced my ability to deliver high-quality design solutions.

PROJECT

Farmer Recommendation System Application

Description: Developed a functional prototype of a Farmer Recommendation System hosted on a marketplace platform, providing data-driven insights to optimize crop yields and agricultural practices.

Technologies Used

Framework: Flutter
Data Analysis: Leveraged Kaggle datasets for data analysis and machine learning models.
Machine Learning: Implemented machine learning algorithms to provide accurate crop recommendations.
Data Integration: Successfully integrated diverse agricultural datasets for
